

## INFLAMMATION AND INFLAMMATORY DISEASES Master 2 program

### Registration procedure

The Inflammation and Inflammatory Diseases (IID) Master 2 program is open to European students who successfully completed their Bachelor Degree (3 years post-college) or their Master (4 years post-college) and who already possess a strong background on the biology and mechanisms and molecular aspects of inflammation and immunology.

#### **Application / selection schedule:**

- Before may 15th: Inquire and apply
- Between may 15th and June 1st: Interview of candidates
- By June 15th: Confirmation of the selected candidates
- June 15th to July 1st : registration at the University

Final Registration will be only possible after students obtain the agreement of a partner laboratory to host them during their training.

Training will preferentially take place in Inflammex partner' laboratories.

- UMR U1149 INSERM–University Paris Diderot (contact : Renato Monteiro)
- UMR U1152 INSERM–University Paris Diderot (contact : Marina Pretolani)
- UMR U1149 INSERM-University Paris Diderot (contacts : Jamel El Benna)
- UMR U1149 INSERM-University Paris Diderot (contacts : Sophie Lotersztajn, Richar Moreau)
- UMR U1149 INSERM–University Paris Diderot (contacts : Jean-Pierre Hugot ; Eric Ogier-Denis)
- UMR U978 INSERM–University Paris 13 (contact : Nadine Varin-Blank)
- UMR 7539 CNRS-University Paris 13 (contact : Hatem Zaag)
- UMR U1016 INSERM-University Paris Descartes, Equipe Neutrophiles et Vascularites (contacts : Véronique Witko-Sarsat ; Luc Mouthon)
- UMR U1016 INSERM-University Paris Descartes, Equipe Immunologie du diabète (contact : Agnès Lehuen)
- UMR U 1173 INSERM – University Versailles Saint Quentin (contact : Gilles Chiocchia)

Training can eventually take place in another lab affiliated to the BC2T master or in other french or foreign labs who work in the field of inflammation (pending upon agreement from Inflammex teaching committee)

## How to apply ?

Before May, 15<sup>th</sup>

- Send a CV and a short statement of purpose (1/2 - 1 page) by email to Dr. Olivier Cordin (Olivier.cordin@univ-paris-diderot.fr).
- Send unofficial copies of all transcripts email.
- Send a list of lectures and courses on inflammation and immunology followed by email.
- Have two letters of recommendation sent directly by mail or email.
